TIPS ON USAGE

The Abstract Book is divided into 7 sections. Each section is labelled by a prefix (letter) and a number series. Each Abstract is identified by a unique Abstract Number (numbers are not repeated).

Sections	Prefix	Abstract Number
(1) General	(G)	one digit series
(2) Laboratory Methods	(LM)	100 series
(3) Clinical Examination Methods	(CEM)	200 series
(4) Diagnostics	(D)	300 series
(5) Medical Management	(MM)	400 series
(6) Surgical Management	(SM)	500 series
(7) Miscellaneous	(M)	600 series

(Example: Abstract SM501 denotes the abstract of Surgical Management Paper, No. 501)

Foreword

Dear Colleagues and Friends,

On behalf of the South and East Asian Glaucoma interest group (SEAGIG), it gives us great pleasure to welcome you to Chennai for SEAGIG 2006.

We are covering a wide range of topics of current interest to glaucoma subspecialists and general ophthalmologists alike. These will include keynote addresses from eminent glaucoma specialists from around the globe, symposia on primary angle closure glaucoma, evidence based ophthalmology, diagnostics as well as video demonstrations of current surgical techniques from experts in this field.

Several instruction courses will be held as well, to bring you up to date with basic as well as advanced diagnostics. Clinical challenges, which are familiar to those in this side of the world, will be presented and discussed with our distinguished faculty who hail from more than 10 different countries and are all-renowned in their respective areas of interest.

We also take this opportunity to thank the faculty for their efforts in bringing to us the latest and the most important aspects of glaucoma practice. Our sincere thanks goes out to our generous sponsors who have supported this meeting.

So once again, we welcome you to SEAGIG Chennai 2006. We hope that you will gain a fresh and updated perspective on glaucoma management, which will have a tremendous impact on your clinical practice in the years to come.

Yours sincerely,

Dr L Vijaya
